CONGRATULATIONS to LIA Class 29

The graduation of Class 29 with twenty-nine members makes a total of 701 graduates from the program since 1985. Class 29 had some unique features as does every class. As I spoke about each class member as they walked across the stage at graduation, I was really reminded of how diverse and unique each class is. Class 29 will continue to be a great class for promoting Leadership Idaho Agriculture. I don't know if we have ever had a class with so many sponsors. I was so impressed with the sponsor list for the class that I have printed it below. A Great Leader

In early February we received word that **LIA Class 27 Graduate Wayne Meyer**, Rathdrum, had passed away. Wayne served as a State Legislator from 1994 to 2004. After that time he was determined to find time in his schedule to participate in LIA since he had met several members of former classes who passed through the Capitol during the Boise Session. In honor of Wayne's life, the LIA Board of Trustees established a new award called the Wayne Meyer LIA Statesman Award designed to recognize individuals who have demonstrated great abilities as statesmen for Idaho. The first award was presented to **State Representative Darrell Bolz**, District 10 and a member of **LIA Class 7**. The award was presented at Graduation for LIA Class 29 and we had the honor of having Mrs. Wayne Meyer (Karleen) and a daughter and niece present for this first presentation.

Thanks for Your Years of Service

LIA Alumni in the News

The recent change of Administration has placed two LIA Alumni in interim leadership roles with USDA Agencies:

Daryl Moser, LIA Class 23, is serving as Interim State Director for USDA Rural Development

Aaron Johnson, LIA Class 25, is serving as Interim State Director for USDA Farm Service Agency

Other Alumni News:

Doug Scoville, LIA Class 6, will be installed this month as the new National President for US Canola Association

Jon Barrett, LIA Class 19, has formed a new company, Clearstory Studios, involving interpersonal communication and dispute resolution

Like everyone, LIA is also working to find ways to trim costs. Several people at the LIA Alumni Session mentioned they would like to receive LIA correspondence electronically. We sent a letter and postcard earlier and we are pleased with the response. Some of the items we send throughout the year may not be able to go electronically, but if you would prefer email as your primary way of receiving mail, send Kay Johnson an email at Kayjohn@spro.net and provide your email address.

Friends of LIA Awards Presented

Each year, Friends of LIA Awards are presented to individuals or organizations acknowledging their support. At the Graduation of Class 29, recognition was given to the following:

Wayne and Peggy Thiessen:

Long time supporters of the LIA Auction, this year they provided the cabin in McCall as one of the Grand Prizes. Wayne serves as a Trustee, is a Lifetime LIA member and currently serves on the Capital Campaign Team.

Dee Sienknecht: Dee has worked at AMG for the past four years. She is responsible for the website, PowerPoint presentations for the Auction and Graduation, and helps with brochures and materials to promote LIA. Dee works closely with the Auction Committee on the development of materials to promote the Auction.

Mike and Faith Palmer: The Palmers live in Idaho Falls where Mike is a free lance photographer. Mike has taken the LIA Class picture for a number of years at

the Pocatello session. What a great memory piece of all LIA graduates thanks to the work of the Palmers.

Glanbia Foods: CEO **Jeff Williams** is an LIA graduate. Since Jeff's graduation, a number of employees have participated in the program. Glanbia has made a major commitment to LIA training and has provided excellent participants through the years including Class 29 Co-chairman **Russ De Kruyf** and two members in the LIA Class 29 – **Hugh Royal** and **Jeff Kent**.

New LIA Video

Throughout the past two years, we has been working on a new **promotional video** to be used to promote LIA and also recruit donor dollars. At the '09 LIA Alumni Session, the alumni members present had the chance to watch the video twice – once for initial reaction and again with a critique sheet in hand to measure the strengths and weaknesses of the video. We anticipated the video being finished by May 1 and available for our use.

The video features a number of shots from Class 28 and Class 29 and the Alumni Session. Currently featured in the video are **Leah Clark**, Class 26; **Ray Matsuura**, Class 21; and **Will Ricks**, Class 27. We plan to add at least one more personality to the mix of the interviews.

DC 2009 CANCELLED

I suppose there were a number of factors contributing to this cancellation – current economy, new administration, busy schedules for many people. Whatever the reason, we had only two LIA alumni sign up for the Washington, DC Experience. We have cancelled for 2009, but are making plans for 2010.

We will let you know the dates when they are available.
